BERRYESSA BART URBAN VILLAGE

In the Heart of San Jose's First Regional Transit Urban Village

Market Park San Jose is one of four districts at the core of the City of San Jose's planned Berryessa BART Urban Village. The draft plan for the city's first transit urban village encompasses 270 acres — including Market Park's 120 acres — centered on the Berryessa Transit Center. The vision calls for an attractive and vibrant urban community with a mix of employment and residential uses, including 7,100 existing and new housing units, 6.7 million of commercial and office space, and jobs for 22,000 people - all accessible via transit, bicycling and walking. Market Park San Jose is a key element in this vision.
